LIBRARY BOARD DIALOGUE

Building collections that support the first amendment and welcome all communities, Johannah Genett, Resource Services Division Manager

President Blauvelt led the Board in a dialogue on evaluating collection breadth and depth, and how the Library Board can provide perspective to staff as they continue to make collection decisions.

The Board discussed the need for innovation and creativity for progress; the need for intellectual freedom to make progress; needing to know the operational processes for staff making judgment calls at HCL; how to encourage and capture the voices of those that are harder to hear; how to manage requests to provide materials that are potentially not true; the library’s role in the intellectual freedom of minors; how to prepare for future technologies; bias in selecting library displays; the need for library displays; how the collection represents a local community; the need to serve the public; and the risk of excluding view points and marginalizing minorities.

Johannah Genett thanked the Board for their discussion and will use the dialogue and questions that arose as we start to review the policy for review in 2019.

Director Thompson thanked board for putting their lens on intellectual freedom and how the community experiences our collection.

DIRECTOR'S REPORT

Library, Community and County Updates

Ridgedale Library reopened with a soft opening on September 17, a grand opening was held on September 24, with Ms. Cahill, Ms. Kaba, Ms. Letscher, and Ms. Ligon in attendance. The Library looks and feels bigger even though it is the same square footage.

Hennepin County is taking a more measured approach than other systems to evaluating eliminating fines and fees. Further discussion and dialogue will be held with the Library Board as we watch other systems.

The Library Director search is under way. County Administration is developing a job description with a planned national search. President Blauvelt will meet with County Administrator David Hough and County Board Char Janis Callison to discuss the Library Board’s role as per state statutes. An announcement on interim is anticipated within next two weeks.

Capital Framework has been updated, the document provided is still in draft pending finalization with County Board. The Library is starting to think about reducing disparities and what capital projects can do and what numbers we need while reflecting on what data we would use. Alex Tittle, County Disparity Reduction Director, is encouraging us to work within County and not create our own process.

The Operations and Library Department budget presentation to the County Board will be held October 4th at 1:00 p.m. at the Government Center.
Christy Mulligan, Equity, Diversity & inclusion Coordinator, and Deborah Johnson, Interim HR Manager, reviewed the EDI update document with Board members. Director Thompson advised it is slow work, but work that results in real and long lasting change.

Congratulations to Friends of Hennepin County Library for receiving a second LSTA grand to further the Library’s community embeddedness work.
